CONGRATULATIONS

on your upcoming wedding!

This is such an exciting time - one we'd love to help you with. Your flowers are one of the loveliest elements of your wedding to choose. They help to create a mood, bring your style and colour palette to life, and to set the scene for a truly magical day.

We believe firmly that deciding on your flowers should be a joyful experience. And seeing them in situ for the very first time should be a memory you'll never forget.

When you're ready to get started, we're here to lend our expertise, our creativity and our timeless style - and we can't wait to hear your plans.

THE FLOWERS

Our style is romantic, elegant and reflective of the seasons.

A love for the British countryside and an appreciation for fashion, design, colour and texture give our work its abundant and natural look.

We are committed to using only the freshest and highest quality flowers and foliage, and this, combined with our timeless and romantic styling, ensures that our floral designs, from bouquets and buttonholes to floral arches and hanging installations, are always natural, luxurious and show-stopping.

We are proud that our florals have graced the rooms of some of the most beautiful venues in Berkshire and Surrey.

THE DESIGN PROCESS

You want to feel completely confident that, when you and your guests walk into your wedding venue and see it dressed with flowers, you'll beam with happiness.

This begins with our warm and collaborative approach.

Through an initial consultation, we will take the time to fully understand your hopes and expectations for your day. A bespoke proposal for your flowers will follow, bringing your ideas to life. And we will continue to speak, tweak, amend and embellish until you are delighted with your designs.

This is your wedding and we want you to be an active part of the process.

Together we'll design
timeless, romantic and abundant florals.

Whether that's elegant table arrangements
in a restaurant,
or floral chandeliers suspended from a
marquee,
or a ballroom transformed into an
enchanted forest.

Each design will feel perfectly suited to
you and your dream day.

'A massive thank you for everything you did for us. I was in love with my bouquet but I was blown away when we got to the venue. We had so many compliments on just how lovely all of the flowers were. I will be recommending you to everyone!'

Dearest Lady Anne,

It is with great pleasure I hear of your safe arrival at your father's house, of which I take the liberty to congratulate your good parents, as well as your dear self. I will not, Madam fill this letter with the regret I had to part with you, because I have no reason to merit, at present, to expect that you should be concerned for me on that account.
